**SUBJECT: Construction of New Barge Loading Facility, Cumberland River Mile 14.9,
Right Bank**

Southern Marine Construction Company Chattanooga, Tennessee, began construction of the subject barge loading facility on June 29, 2004. This work consists of construction of a bulkhead wall, dolphins and deadmen anchors. Completion is estimated to be within two to three months. The equipment will consist of a 195' x 35' crane barge, 195' x 35' deck barge and the M/V TRAILBLAZER. During nonworking hours the equipment will remain moored on site and properly lighted.

Pilots on all vessels are urged to exercise caution and reduce speed when transiting this reach of waterway. Pilots may also contact the M/V TRAILBLAZER on channels 13 or 16 for passing instructions.

FOR THE DISTRICT ENGINEER:

JEFFREY D. ROSS
Chief, Navigation Branch
Operations Division
