SUBJECT: Intermittent Delays at Watts Bar Lock, Tennessee River Mile 529.9

The Tennessee Department of Transportation along with Tennessee Valley Authority will begin major reconstruction of the Highway 68 Bridge over Watts Bar Dam on 16 August 2004. Reconstruction activities will include complete removal and replacement of the existing deck surface. Activities are scheduled to be completed in mid-January 2005. During this timeframe, navigation traffic could expect intermittent delays through Watts Bar Lock.

There is no auxiliary lock available at this project.

FOR THE DISTRICT ENGINEER:
