INSTALLATION OF BARGE LOADING/UNLOADING FACILITY

OHIO RIVER, MILE 194.0

Notice is given that on or about 02 September 2004, Belpre Sand and Gravel Co. will begin the installation of a barge loading/unloading feature at their facility, along the right descending bank of the Ohio River, mile 194.0.

The floating plant will consist of 4 deck barges and one spud barge that will be transported to the site, and installed using land based equipment. They will be monitoring marine channel 19. Work will be performed seven days per week, between the hours of 6:00 a.m. and 9:00 p.m. The anticipated completion date is 05 November 2004.

Mariners are urged to transit at their slowest safe speed to minimize wake and to proceed with caution.

A handwritten signature in black ink that reads "Arlie D. Bishop".
